TORO-OBONG EMMANUEL HANSON

UI DEVELOPER · REACT · NODE.JS

3 Ime Okon Close, Osongama Estate, Uyo, Akwa-Ibom State | +234 703 184 4193 | emmanuelhanson846@gmail.com

PROFILE

UI Developer with two years of experience building web interfaces with React and Node.js, at Careerdoc.com and now at Glint. Brings a strong design foundation from over five years in graphic and UI/UX design, turning wireframes and mockups into clean, responsive, user-friendly interfaces. Adobe Certified Professional who works closely with product teams, meets deadlines, and maintains high-quality standards.

WORK EXPERIENCE

UI Developer – Glint **2026 – Present**

- Build and maintain user interfaces with React and Node.js.
- Turn designs and product requirements into responsive, reusable interface components.

UI Developer – Careerdoc.com **2025 – 2026**

- Built user interfaces for the Careerdoc.com platform with React and Node.js, balancing brand aesthetics with usability.
- Created wireframes and mockups and implemented them as working, user-friendly screens.
- Collaborated with product teams to translate ideas into clean interfaces that supported product and marketing goals.

Graphic Designer & Product Designer – Just't Creatives **2025 – 2026**

- Created product designs that promoted brand identity and visibility.
- Developed visual concepts tailored to client and market needs across multiple campaigns.

Graphic Designer Intern – Young Leaders Academy **2023**

- Produced graphics for internal and promotional materials aligned with organizational goals.
- Delivered design work under real project deadlines.

Graphic Designer – Vtoons Animation **2018 – 2020**

- Created cartoon visuals and animation assets, keeping style consistent across productions.

Graphic Designer – RootHub **2018 – 2019**

- Designed logos, flyers, banners, and visual content for social media, websites, and print.
- Managed multiple design projects simultaneously while meeting tight deadlines.
